

Angela Suk  
Middle School ELL Teacher  
Student Academic Support Services (SASS)

---

## Classes:

- ELL Language Development A-Period 1
- ELL Language Development B-Period 7

This is a non-graded class, which is designed to further develop reading, writing, speaking and listening skills for English Language Learner students. We use the data from the WIDA English language proficiency tests and other assessments to guide our instruction and address the needs of our students. While we work with all MS subject teachers, special collaboration occurs between ELA and ELL teachers at BFS in order to best enhance our students' learning.

Students work toward their individual language goals through a variety of hands on small group and partner activities. Students develop their knowledge of academic English related to vocabulary, comprehension, and fluency in their content area classes.

## Materials

Students need a notebook and a two-pocket folder for the class.

## My Background

- Griffith University - Masters of Teaching
- York University - Honors Bachelor - Asian History and East Asian Studies

It is an extreme pleasure to be teaching at Busan Foreign School. I previously worked for eight years at the American School of Kuwait. During my time there, I taught grade 4 and 5 and I also worked as the Upper Elementary Technology teacher. Prior to teaching in Kuwait, I worked with grades 5, 6 and 7 in Australia as a core teacher for 2 years. I have previously worked in Korea as an English Language instructor for elementary school students. In Canada, I taught English as a Second Language to high school and university students. I am very excited to be teaching in Busan and learning more about Korea.

I look forward to working with your child, BFS staff and you to ensure your child has the best education possible. Please feel free to contact me at: [asuk@bfs.or.kr](mailto:asuk@bfs.or.kr).

Sincerely,

Angela Suk
