

BUSAN FOREIGN SCHOOL

Embracing Diversity, Striving for Excellence

Dear students, parents, and guardians,

My name is Simon Lee and I would like to welcome you to Busan Foreign School. I grew up in Canada where I earned my Honors BSc with Specialization in Biochemistry and my B.Ed from the University of Ottawa. I am an Ontario (Canada) Certified Teacher. This is my seventh year teaching at Busan Foreign School. I will be teaching AP Chemistry, HS Biology, HS Chemistry, and HS Physics. I will also be coaching HS Girls Volleyball and HS Girls Soccer.

I am excited towards what will be a great school year. Please feel free to explore the RenWeb website to keep in touch with academic progress. If you would like to contact me, I am available at slee@bfs.or.kr.

Sincerely,

Simon Lee
