## FUNDING REQUEST FROM DRAMA CLUB

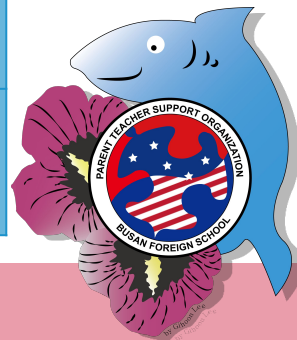

G6, G7, G8, G9, G10, G11, G12

300,000krw

*We would like to request for 6 wireless microphones for performance purposes (like headsets). They are about 30,000 ~ 50,000 won each on Coupang.*

*We will measure the success of our project by using the wireless microphones in our performances during the midterms and the finals this academic year. The audience can tell us whether they were able to hear us well or not.*

*We think that PTSO should sponsor our project because having wireless microphones will not only help our club, but they can also be used in various events that will be held at school. They will be used in lots of ways by students and faculty in the future which can be a benefit to the school in the long run.*

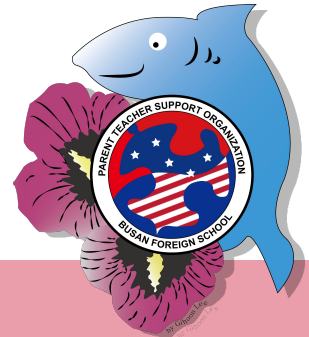

# How to get in touch with the PTSO

Via e-mail: [ptso@bfs.or.kr](mailto:ptso@bfs.or.kr)

Facebook: [PTSO Busan Foreign School](#)

Other items discussed (Sep. 7th 2018):

1. How does the PTSO raise funds?  
Through different activities, primarily concession stands, charging for activities at BIWA bazaar, family day, and donations.
2. Some parents would like for easier ways to connect with other parents whose children are in the same grades.
