Introductions

- Ms. Allepuz
- Mr. Carl Brenneman
- Principal Macfarlane
 - Changes in SKAC Sports
 - Changes in ELE SOM => Student Assembly
 - MAP Testing
- Ms. Michelle Ness
 - Character education
 - Peer tutoring program
- Ms. Suzanne Lee

- SKAC sports now take place on Tuesdays and Fridays 3:40 to 4:40. This does not take away instruction time but part of a recess time the students used to have. Students that do not sign up for sports are engaged in a STEM activity organised by elementary teachers. This changes allow for better use of the BFS facilities as well as encourage participation, teamwork, and a different way to get to know your teacher.
- SOMs have been replaced by Student Assemblies. Each month a different grade presents the celebration of the entire ELC and ELE recognition of a SLO. For information of our SLOs check our website: <https://busanforeignschool.org/about-us/mission-vision/> SLO tab
- MAP testing will commence after the Chuseok break. The school uses these tests to measure its own performance and identify areas for improvement. It is also an external way to see how your child progresses through time. Another measure point will be taken around April/May. There is no need to prepare but to ensure your children come well rested to school.

- PTSO contributes to the creation of a healthy community at the school, provide constructive feedback and contributes to the betterment and wellbeing of BFS students.
- PTSO takes leadership in organizing many activities at the school. Below an overview based on last year events. All events proposed and led by parents. School is always in support.
- PTSO is self funded. The school does not provide money. This ensures its independence.
